WOULD THE CITY PAY?—The new paving on King street is progressing steadily, although not as rapidly as the City Engineer desires.

The novelty of this class of work has furnished thought for some and amusement for others. Five men are engaged in overhauling the work where one is employed, that is if what one gathers from the conversations of the first named is seriously considered.

Small wagers are now being made as to when the work will be completed, and these little pleasures are indulged in by some of our most unobtrusive citizens. A case to illustrate is an oyster supper wagered between a former Mayor and a member of Council who is noted for his quiet and modest manners.

The dispute is that the street will be completed to Fairfax street before Christmas Day, the ex-Mayor taking the affirmative side of the bet. One of the present Police Commissioners, speaking of the wager to a city officer yesterday, said: "So sure is the Councilman that he will win that he is now inviting all his friends to the supper, but he (the Commissioner) had suggested to the former Mayor to get out an injunction restraining the Councilman in the number to partake of the feast." The city officer said nothing, but wondered whether or not the bill would be sent to the City Council for payment upon the ground that parties to it were a part of the city government and the wager was on city work. It is probable that the Councilman will keep out of court, as he has a reputation for making few mistakes.

HEARD THE ASSAULT.—On the afternoon of L. B. Bowers, who arrived at Washington yesterday from the lower Potomac, Capt. James Herbert and Gracian Russell, mate, claim to know something of the murderous assault upon Edward Herzog, oyster dredger, now a patient at the Emergency Hospital, Washington. The story of Herbert is as follows: "On Thursday night, two weeks ago, we were lying off Lower Machodoc Point. It was stormy, the wind blew a gale, and we could see nothing. Not far from us was another boat, the name of which I do not know. It was after midnight, and we had gone to bed, when cries of 'murder' came down upon us. Russell, myself and a negro deck-hand turned out and went on deck. As we did so we heard other shouts, following by a splash, as though somebody or somebody had fallen overboard. Then we heard a boat lowered. Shortly afterwards the calls for help were renewed, and then all was still. I shouted to stop beating that man, but got no response." Captain Herbert said he did not doubt that the cries he heard were those of Herzog, who was fearful of death on the night stated.

DEATH OF AN OLD RESIDENT.—Mrs. Imogene Berry Paul died suddenly last night shortly after midnight at the residence of her daughter, Mrs. M. C. Peyton, on north St. Asaph street. The deceased was in the 84th year of her age, but until within a few minutes of her death (which was caused by an attack of acute indigestion), was in full possession of all her faculties and was far more active than the average person who has passed the four score mark. She was the widow of William Paul, one of the first conductors on the old Orange and the Southern Railway system, and was a daughter of the late Benjamin H. and Elizabeth Taylor Berry, of Richmond. She is survived by one daughter, with whom she had made her home for a number of years, and several grandchildren.

THE HOLIDAY SEASON is again drawing near. Some merchants have been receiving parts of their stocks in order to avoid delay later in the season. It is supposed by some that Alexandria storekeepers will show more enterprise this year than heretofore and that better and more varied stocks will be purchased. The time has come when the public should know what can be obtained in the city, and the Gazette affords the best medium to keep a community posted, as it goes into households of hundreds where no other papers read. Those who advertise always reap increased sales especially those who advertise during the holiday season.

Great slaughter sale of blankets of all kinds and lace curtains is now in progress at I. Eichberg & Son's.

the revenue collector's office in this city is visiting his old home in Lynchburg.

Miss Virginia Burke has gone to Boston on a visit to friends.

Rev. J. H. Boyd, who left the infirmary, is much improved in health.

Mrs. H. C. Skaymaker is in Petersburg visiting her niece, Mrs. John Bidout. She expects to return home next Monday.

Charles M. Maigne has been appointed a second lieutenant of cavalry. Mr. Maigne is well known here where he once lived. He is a grandson of the late Rev. Charles Minnigerode.

Mr. Arthur Lambert and family, of St. Louis, are visiting Mr. Lambert's father, Mr. W. H. Lambert, in this city.

DIED FROM HIS WOUND.—The body

of C. F. Grayson is at the morgue in Washington awaiting word from his friends and relatives at Forestburg, Prince William county. He died of a wound to the head, said to have resulted from the discharge of a pistol which he was carelessly handling. His condition was most serious from the first, and after arrangements had been completed by Dr. Canton, of Dumfries, the man was taken to Washington last Tuesday. He was unconscious when he reached the hospital and remained so until he died.

THE MARKET this morning was

poorly supplied. There was noticeable falling off in the attendance of country people as well as buyers on account of the prevailing dismal weather. Prices were in the main unchanged and quotations were about the same as those prevailing in the green grocery stores. Free supply of fresh pork and poultry was equal to the demand. Butter was plentiful, but eggs were still scarce and high. Dressed 'possums' brought 35 cents. Meats and fish were unchanged in prices.

MAP OF PRINCE WILLIAM.—Mr. W.

H. Brown, formerly of this city, but now living at Galoisville, has prepared a large and correct map of Prince William county, and a copy of it has been placed in Mr. Samuel L. Hunt's real estate office in this city. It is probably the largest and most comprehensive map of the county ever published, every place being outlined and located. It has been studied with much interest by all who have examined it.

COLLECTING LICENSES.—The Mayor,

as heretofore stated, is determined to bring all unlicensed dealers to light and in pursuance of this idea Officer Ferguson has been engaged for several days. As the result of his work several hundred dollars have already been added to the revenues. On Monday the work will be continued vigorously and it is confidently expected that license evasion will be reduced to a minimum.

CHARGED WITH VIOLATING THE

POSTAL LAWS.—Wm. F. Webster was arrested today by Deputy United States Marshal Glover on the charge of violating the U. S. postal laws in sending obscene letters through the mails. The case will be examined by Commissioner Fowler next Friday. The accused was released on \$500 bail for his appearance at that time.

QUIT WORK.—Several bricklayers

employed on the lower King street improvement quit work yesterday evening on account of dissatisfaction with the contractors. It seems that the latter insisted on some work being executed in a certain manner and the bricklayers took exception and quit work. Others later took their places.

THE WEATHER.—The sky became

overcast last night and before morning a light rain began to fall, which continued at intervals. The wind has been from the northeast and the temperature raw and disagreeable.

I. SCHWARTZ AND SON, 518 King

street, have, notwithstanding the large amount of business done in their carpet department, still a good stock on hand to select from. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by taking that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither gas nor constipation. The worst case quickly cured. Never fails. WHY ADVERTISEMENTS ARE READ.

—An observant person remarks that "the public likes as well to read interesting matter in the advertising columns as in the news columns." There is nothing surprising about this, since the facts which are advertised have a direct personal interest to the public. The advertiser offers to the people only such things as the people need, and about the character and prices of which they want information. A persistent advertiser is bound to win the attention of all newspaper readers.
